

St. Kilian Technology Committee Meeting Agenda

Steve Hamilton	Mike Fritz	
Mary Rauch	Greg Kubisch	
Jeremy Olejnik	Chris Hugi	
Danny Dulak	Joe Kohler	

2013-2014 Meetings Dates:
 Sep-4 Oct-9 Nov-13 Dec-11 **Jan-8** Feb-5 Mar-5 Apr-2 May-14

January 8, 2014 7:00 PM – Library

1. ETA Service
 - a. ETA serviced the lab after issues with the system going down. Suspect is there was a power cord for a switch that had been kicked loose and caused the reboots, they may have been just loose enough to periodically kill the switch. We should consider moving the cords and power strips up into the troughs so they are away from feet. Still too early to tell if that fixed it so time will tell.
2. Electronic Library Card Catalog Initiative
 - a. Progress Update
 - Status of book ID assignment – Target is for wrapping up by the end of February. There are issues with the PC and Chris will take a look and determine if we need a new machine or if the old one can be salvaged. There are about 2800 books loaded which is about 2/3 done
3. Development Plan 2013
 - a. Website Updating
 - Issues? No concerns brought up at this point
 - Calendars – Opportunity for live calendars vs. static? How can we make the calendar on the website dynamic and pull from the Outlook calendar that the School and Parish use for events?
 - Teacher training updates – Need to help the teachers create websites.
 - Is there a way to get a headline on the home page such as for when school is closed?
 - b. Lab Computers
 - Update on Thin Client and Software performance
 1. Software update?
 2. Issues? – having issues with handful of unit problems which are marked with pink tags. Currently having issues with about half of the units.
 - c. Other goals for 2013/2014
 - Robotics club updates? Still need to look for used equipment
 - First in Math progress? Working great!! 3 classes are within the top 100 4th, 5th, and 7th.
 - Discuss plan for moving into future with wireless devices
 1. Outline infrastructure needs – Server upgrades, wiring, access points, switches, UPS
 2. Identify tools – Need to outline features & functionality wanted in a device.
 3. Establish timeline
 4. Discuss costs
 5. Business Plan, need to put together a document outline objectives of program. Paperless, homework, teacher interaction remotely,

research online, textbooks, etc. Outline all the areas mentioned above.

6. Identify grant potential for helping with funding – look for help from the development committee.
